

## GRAND COUNCIL CHIEF ACTIVITY REPORT

March 2014 - May 2014

Chiefs/Councils of Anishinabek First Nations,

Over the past three months the Anishinabek Nation has attempted to correspond with the Prime Minister of Canada and the Minister of Indian Affairs regarding legislation and policies. First Nations continue to be frustrated by government policies that impact our citizens and intrude on our jurisdictions. The Ontario government continues to pursue First Nation public relations and meetings with very little tangible results on First Nation economies, Resource Revenue Sharing, policing and other files. As a result, the Anishinabek political office has coordinated our efforts with key staff to develop an economic growth plan and discuss strategies going forward.

The various bills introduced in the House of Commons and the Senate will have a negative impact on First Nations' inherent and treaty rights, and have not included a proper process of consultation and accommodation. Bill C-10, the Contraband Tobacco Act and Bill C33, the First Nations Control of First Nations Education Act (FNCFNEA) has been our primary focus as we advocate and protect First Nation jurisdiction and education.

The Prime Minister also refuses to deal with the issue of Missing and Murdered Indigenous Women in Canada. The Anishinabek Nation Women's Council has kept this issue as a top priority and we have joined the efforts of other First Nation and women's organizations across the country.

March 2014

Attended meetings in Nipissing, Sudbury, Wikwemikong and Toronto

Priorities and strategies discussed included the following:

- o Employment and Training in Nipissing
- Chiefs of Ontario (COO) Political Confederacy (PC) priorities
- First Nation Health sector and challenges as government funding cuts continue
- Child Welfare Symposium with First Nation leadership and Ontario representatives
- COO Justice file overview including the need for advocacy on consultation and accommodation, and specific issues regarding the Ipperwash Inquiry committee tables and policing
- o Met with the Ministry of Child and Youth Services
- Leadership Council

## April 2014

Attended meetings in Nipissing, Toronto, Sudbury, Fort William, Little Current, North Bay, Mississauga First Nation, and Curve Lake FN

Although we continued to engage in discussions around Child Welfare, Health and Policing matters, much of April was focused on the education file as the Federal Government re-introduced the First Nations Education Act as Bill C-33 (FNCFEA)

May 2014

Attended meetings in Niagara Falls, Ottawa, Toronto, Munsee Delaware Nation, North Bay, Thunder Bay, and Rama First Nation

In May we spent a lot of time on strategic development, unifying political priorities and political advocacy.

Politics played a major role in May 2014 as our National Organization the Assembly of First Nations was just as much of a focus as federal legislation. With the resignation of the National Chief, First Nations directed the AFN Executive to reject the FNCFNEA and the Anishinabek Nation took the lead in activities opposing the federal bill.

AN continues to press the Harper government for a Public Inquiry into Missing and Murdered Indigenous Women, and INAC announces that the FNCFNEA will be put on hold

Chi-miigwetch,

Patrick Wedaseh Madahbee

, Modelbee

Grand Council Chief Anishinabek Nation
